Mr. Piotr Krzystek
President of the City of Szczecin

Mr. President,

Our Foundation has been approached by parents associated with the Committee for the Defense of Children, who are demanding the modification of plans for the restructuring of the educational institutions network. We do not wish to take a position on the merits of this matter, however on behalf of the parents – members of the civic movement in aid of children - we ask you to organize a serious debate, during which each party could present its arguments. The parents' opinion should not be neglected. Civic activity has particular value and significance that must be respected in a democratic state of law.
